

ETH-JAPAN

First Symposium on Academic Exchanges

Meeting Date: 7-9 March 2012

Location: ETH Zurich, Semper Aula

Together with 9 leading Japanese partner institutions ETH Zurich and EMPA are organizing a symposium to promote the exchange between students and researchers from key areas in science and engineering, and to open opportunities for cooperation. Apart from scientific sessions the symposium includes talks on funding opportunities and success factors and presents the Japanese institutions to students in an information market.
